

Advanced Practice Provider (APP): Physician Assistant (PA) Privileges Form

PAs are entitled to exercise only those privileges specifically granted to her/him/them. The UCSF Office of Medical Affairs and Governance (OMAG) identifies approved privileges on the [ECHO website](#).

A period of [Focused Professional Practice Evaluation \(FPPE\)](#) is required for all new privileges, including core privileges. The FPPE evaluates and confirms the current competency of a practitioner's performance of privileges and professionalism at UCSF. The UCSF APP FPPE process includes submitting logs through the [UCMe e-Log system](#).

APP Core Privileges are found on the OMAG website at <https://medicalaffairs.ucsf.edu/privileges>

APP Standardized Procedures are found on the OMAG website at <https://medicalaffairs.ucsf.edu/standardized-procedures>

CORE Core Privileges

- BASIC Core PA Privileges** (These privileges apply to all PAs)
Level of Supervision by a Medical Staff Member: Indirect
 Initial and ongoing assessment of a patient's medical, physical, and psychosocial status including:
1. Completing histories and physical examinations
 2. Developing treatment plans, goals of care, and advanced care plans
 3. Performing daily rounds
 4. Establishing primary and secondary diagnoses as well as determining complications, comorbidities, and present on admission conditions
 5. Providing general or specialty consultation to other providers
 6. Documenting patient care in the electronic health record as required by medical center policies and procedures
 7. Ordering diagnostic tests, monitoring, and therapeutic modalities such as medications, treatments, and examinations
 8. Obtaining informed consent for blood and blood products
 9. Initiating referrals to appropriate physicians or other healthcare professionals
 10. Instructing, educating, and counseling patients and families concerning health status, results of tests, disease processes, and discharge instructions
 11. Planning discharges and writing discharge summaries
 12. Ordering rehab and respiratory therapy
 13. Ordering durable medical equipment
 14. Ordering home health services and supplies
 15. Determining disability and work status
 16. First assisting in surgical procedures

May not be the admitting provider of record

Core Privileges are granted based on license type after successful completion of the UCSF credentialing and privileging processes.

Initial Criteria:

Formal Training: Successful completion of an accepted PA program

AND

PA National Board Certification: Current certification by the National Committee for Certification of Physician Assistants (NCCPA)

AND

Current California PA License without restriction

AND

Current American Heart Association Basic Life Support (BLS) certification

AND

Current American Heart Association ACLS/PALS/NRP as required based on specific privileges, patient population, and clinical area

AND

Current ENLS if providing care in adult critical care medicine

AND

Experience as a PA and two Peer References (satisfactory or better) OR establishment of a UCSF Level II Focused Professional Practice Evaluation (FPPE)

Assessment of Competency will be conducted by the supervising physician or their designee through the FPPE process (level I or II based on prior clinical experience as a PA and peer references) until the level of performance is determined to be meets expectations (satisfactory) in all domains.

Maintenance/Renewal Criteria:

Maintenance of PA National Board Certification by the National Committee for Certification of Physician Assistants (NCCPA)

AND

Maintenance of California PA License without restriction

AND

Maintenance of American Heart Association Basic Life Support (BLS)

AND

Maintenance of American Heart Association ACLS/PALS/NRP as required based on specific privileges, patient population, and clinical area

AND

Maintenance of ENLS if providing care in adult critical care medicine

AND

Continuing Medical Education: Documentation of compliance with California Physician Assistant Board CME requirements for re-licensure. Educational activities must relate, in part, to the privileges requested and granted

AND

Competency Assessment: Current demonstrated competence and documentation of successful treatment to a minimum of patients, set forth by the Chair/Chief of Department, for the past 24 months based on results of quality assessment/improvement activities and outcomes

AND

Complete core privilege and standardized procedure [UCMe e-Logs](#).

MEDS**MEDICATION**

Administer, dispense, furnish, order, and prescribe medications within the NP's scope of practice and consistent with the NP's education, training, competence, professional judgment, clinical practice, and policies of the medical center. The medications must be included in the UCSF e-Formulary, the patient's insurance formulary, peer-reviewed medical literature, a research protocol including all the standard elements, or a patient's home medications or supplements without known risk of harm. For each medication, a justification must be written in the electronic health record.

Initial Criteria:

Current California PA License without restriction

Maintenance/Renewal Criteria:

Maintenance of unrestricted California PA License

Gener**General Formulary**

General Formulary includes but is not limited to the medication classes listed below.

Analgesics Miscellaneous

Anesthetics (local or topical)

Antibiotics

Anticoagulants

Antidepressants

Antidiabetic Agents

Antifungals

Antihistamines

Antihyperlipidemic Agents

Antiparkinsonian Agents

Antiplatelets

Antipsychotics

Antiseizure Agents

Antivirals

Anxiolytics (non-controlled)

Biological and Immunological Agents

Blood and Blood Products

Blood Modifiers

Cardiovascular Agents

Corticosteroids

Gastrointestinal Agents

Hematopoietic Agents

Hormones (non-controlled)

Insulin

Intravenous (IV) Nutritional Therapies

Nonsteroidal Anti-Inflammatory Drugs (NSAID)

Nutritional Supplements

Ophthalmic and Otic Agents

Other (electrolytes, enteral nutrition, smoking cessation medications, permethrin, vaccines, etc.)

Respiratory Agents

Respiratory Inhalants

Total Parenteral Nutrition (TPN)/Lipids

Transplant Immunosuppressants

General Formulary excludes the following medication classes, which must be requested separately:

Antineoplastic Therapies - Non-Oncologic
 Antineoplastic Therapies – Oncologic
 Controlled Substances
 General Anesthetics
 Systemic Neuromuscular Blocking Agents
 Chemical Restraints
 Sedation Agents

Contr **Controlled Substance Formulary (Standardized Procedures Required)**
 Controlled Substance Formulary includes Schedules 2, 2N, 3, 3N, 4, and 5.

Initial:

Federal Drug Enforcement Agency (DEA) registration to a California address with Schedules 2, 2N, 3, 3N, 4, and 5
 AND
 Current CURES registration

Maintenance/Renewal Criteria:

Maintenance of DEA registration to a California address for Schedules 2, 2N, 3, 3N, 4, and 5, and CURES registration

Controlled Substances with the intended use of General Anesthesia, Chemical Restraint, Systemic Neuromuscular Blocking, or Sedation must be requested separately through the Specialty Formularies.

Speci	Specialty Formulary
Speci	Antineoplastic Therapies – Non-Oncologic - Requires Management of Antineoplastic Therapies for Non-Oncologic Indications standardized procedure (SP)/privilege
Speci	Antineoplastic Therapies – Oncologic - Requires Management of Antineoplastic Therapies for Oncologic Indications standardized procedure (SP)/privilege and completion of an antineoplastic therapy education course or active certification as described in the SP.
Speci	General Anesthetics - Requires active ACLS/PALS/NRP-Advanced as appropriate to the patient population and competence in airway management (minimum of bag-mask ventilation). Requires Moderate Sedation standardized procedure (SP)/privilege, including module completion
Speci	Systemic Neuromuscular Blocking Agents - Requires active ACLS/PALS/NRP-A as appropriate to the patient population and competence in airway management (minimum of bag-mask ventilation). Requires Moderate Sedation standardized procedure (SP), including module completion
Speci	Chemical Restraints (Standardized Procedure Required) - Requires active ACLS/PALS/NRP-Advanced as appropriate to the patient population and competence in airway management (minimum of bag-mask ventilation). Requires Moderate Sedation standardized procedure (SP)/privilege, including module completion
Speci	Sedation Agents - Requires active ACLS/PALS/NRP-Advanced as appropriate to the patient population and competence in airway management (minimum of bag-mask ventilation). Requires Moderate Sedation standardized procedure (SP)/privilege, including module completion

IP **Inpatient**

OP **Outpatient**

ADLT	Adult patients: defined as patients from adolescence through adulthood
PEDS	Pediatric patients: defined as patients from birth through young adulthood, adult patients with congenital conditions and/or conditions that typically arise during childhood, and adult patients under management of a UCSF Benioff Children's Hospital service
NEO	Neonatal patients (only for Neonatal aka NEO privileges): defined as patients from birth through two years old
ORDE	Ordering Med/Surg Restraints (Standardized Procedure Required)

EMERG	Emergency Medicine (patients of all ages): Assess acute patients excluding trauma alerts and codes. If assessment warrants, a physician is immediately involved in the case. Perform procedures as directed by emergency medicine physician for acute patients. <u>Initial Criteria:</u> Current American Heart Association BLS, ACLS and PALS certification <u>Maintenance/Renewal Criteria:</u> Maintenance of American Heart Association BLS, ACLS, and PALS certification
PICU	Critical Care Pediatrics (neonatal, infants, children, and adolescents) Evaluate, diagnose, and provide treatment/management of life-threatening disorders or injuries for children in intensive care units. Assess, stabilize, and determine disposition of pediatric patients with emergent conditions consistent with medical staff policy regarding emergency and consultative call services. <u>Initial Criteria:</u> American Heart Association BLS and PALS certification <u>Maintenance/Renewal Criteria:</u> Maintenance of American Heart Association BLS and PALS certification
PEDT	Pediatric Emergency Transport For patients being admitted to a Pediatric Unit, from age birth to 18 years and adults with congenital conditions and/or conditions that typically arise during childhood. Includes both air and ground transport, as well as medical management at referring hospital <u>Initial Criteria:</u> Demonstrated competence in Intubation, Arterial Line Placement, Thoracentesis, and Chest Tube Placement before completion of orientation and going on transport without preceptor AND Approval by PNP Medical Director AND Current American Heart Association BLS, PALS, and NRP Certification <u>Maintenance/Renewal Criteria:</u> Maintain American Heart Association BLS, PALS, and NRP Certification AND Maintain transport case review and QA AND Maintain advanced practice skills listed in Initial Criteria
NEO	Neonatal Initial and ongoing assessment of pediatric patients in the Intensive Care Nursery (ICN) for the patient's medical, physical, and psychosocial status

including taking and recording history, analyzing history and physical information to develop appropriate differential diagnoses, ordering and interpreting diagnostic tests, physical and occupational therapies, and examinations. Administration of medications and performing advanced procedures and delivery room resuscitation.

Instruct, educate, and counsel families concerning health status, results of tests, disease processes, and discharge plans, write/dictate discharge summaries, initiate referrals to appropriate physician or other healthcare professionals

Initial Criteria:

Current American Heart Association BLS and NRP Advanced certification

Maintenance/Renewal Criteria:

Maintenance of American Heart Association BLS and NRP Advanced certification

NEED Neonatal Emergency Transport

For patients being admitted to the ICN or with corrected gestational age of up to 6 months. Includes both air and ground transport, as well as medical management at referring hospital.

Initial Criteria: Demonstrated competence in Intubation, Arterial Line Placement, Thoracentesis, and Chest Tube Placement before completion of orientation and going on transport without preceptor

AND

Current American Heart Association BLS and NRP Advanced certification

AND

Completion of orientation to transport

Maintenance/Renewal Criteria: Maintain American Heart Association BLS and NRP Advanced Certification

AND

Maintain transport case review and QA

AND

Maintain advanced practice skills listed in Initial Criteria

PPM Provider Performed Microscopy

Initial Criteria: Competency Test Required

Maintenance/Renewal Criteria: Annual Competency Test Required

PPM Urine

PPM KOH

PPM Pinworm

PPM Wet Prep

PPM Fern

STAN_ STANDARDIZED PROCEDURES**Treatment of Anal and External Lower Genital Tract Lesions (Adult, Peds)**

Initial Criteria:

Performed: 6 procedures

Observed: 6 Procedure

Maintenance/Renewal Criteria:

50 procedures at reappointment

Abscess Identification with the Use of Bedside Ultrasound in Adults

Initial Criteria:

Performed: 10 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:

6 procedures at reappointment

Alteplase use for Management of Pleural and Abdominal Effusions (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:

6 procedures at reappointment

Anal Dilation (Neonatal, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:

6 procedures at reappointment

Arterial Catheter Insertion (Adult)

Initial Criteria:

Performed: 3 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:

6 procedures at reappointment

Bone Marrow Aspiration and Biopsy (Adult)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Bone Marrow Aspiration and Biopsy (Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Botulinum Toxin Therapy (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Botulinum Toxin Therapy for Facial Asymmetry, Facial Aging, TMJ Pain (Adult)

Initial Criteria:

Performed: 6 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Botulinum Toxin Therapy for Hemifacial spasm and Blepharospasm (Adult)

Initial Criteria:

Performed: 6 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Botulinum Toxin Type A (BOTOX) Injections for Headache (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Botulinum Toxin Therapy for Spasticity or Sialorrhea (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Breast Fine Needle Aspiration (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Breast Tissue Expansion (Adult)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
3 procedures at reappointment

Bronchoscopy (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Cardiac Stress Testing (Adult)

Initial Criteria:
Performed: 200 procedures
Observed: 5 procedures

Maintenance/Renewal Criteria:
50 procedures at reappointment

Cardiac Stress Testing (Peds)

Initial Criteria:
Performed: 150 procedures
Observed: 5 procedures

Maintenance/Renewal Criteria:
100 procedures at reappointment

Cardiac Stress Testing – Dobutamine Infusion (Adult)

Initial Criteria:
Performed: 25 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
50 procedures at reappointment

Cardiac Stress Testing Myocardial Perfusion – Pharmacological Infusion with A2a agonist agents (Adult)

Initial Criteria:
Performed: 200 procedures
Observed: 5 procedures

Maintenance/Renewal Criteria:
100 procedures at reappointment

**Cardiac Stress Testing Myocardial Perfusion –
Pharmacological Infusion with A2a agonist agents (Peds)**

Initial Criteria:
Performed: 25 procedures
Observed: 5 procedures

Maintenance/Renewal Criteria:
20 procedures at reappointment

Cautery of Granulation Tissue (Adult, Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Central Line Placement (Adult, Peds)

Initial Criteria:
Performed: 10 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
10 procedures at reappointment

Chalazion Incision and Drainage (Adult)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedures

Maintenance/Renewal Criteria:
5 procedures at reappointment

Chest Tube Placement (Adult)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria
6 procedures at reappointment

Chest Tube Removal (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Closed Reduction of Nasal Bone Fractures (Adult)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Closing a Wound (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Colposcopy (Adult, Peds)

Initial Criteria:
Performed: 50 procedures
Observed: 50 procedures

Maintenance/Renewal Criteria:
40 procedures at reappointment

Cosmetic Filler Injection (Adult)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Cryosurgery: Cervical Cryosurgery (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Cystoscopy (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Diagnostic Head and Neck Ultrasonography (Adults, Peds)

Initial Criteria:

Performed: 100 procedures

Observed: 50 procedures

Maintenance/Renewal Criteria:

40 procedures at reappointment

Dobutamine Nuclear Stress Test (Adult)

Initial Criteria:

Performed: 3 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:

25 procedures at reappointment

Drain Removal (Adult, Neonatal, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:

6 procedures at reappointment

Durable Ventricular Assist Device (VAD) Management (Adult, Peds)

Initial Criteria:

ACLS or PALS certification depending on patient population;

California PA license

AND

Certificates issued by the VAD vendors for the devices managed at UCSF

AND

Signed off by the MCS Medical Director

AND

Signed off by the MCS Clinical Lead

AND

have managed 5 VAD patients within the previous 12 months under direct supervision of an MCS attending physician or an MCS APP actively privileged for durable ventricular assist device management.

Maintenance Criteria:

Maintenance of ACLS or PALS certification depending on patient population;

AND

management of 5 VAD patients per year

AND

5 CEUs or CMEs per year related to VAD practice

AND

Maintain patient eLog for a minimum of 5 VAD patients managed per year.

Dysplasia Assessment and Treatment (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Endometrial Biopsy (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Endotracheal Intubation (Adult)

Initial Criteria:
Performed: 10 procedures
Observed: 10 procedures

Maintenance/Renewal Criteria:
20 procedures at reappointment

Episiotomy and Laceration Repair (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Evaluating Bladder Volume with the use of Bedside Ultrasound in Adults

Initial Criteria:
Performed: 10 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Eyelid Lesion Excision and Biopsy (Adult)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Femoral Venous Blood Draw (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

First Trimester Aspiration Abortion (Adult, Peds)

Initial Criteria:
Performed: 5 procedures
Observed: 1 Procedure

Maintenance/Renewal Criteria:
5 procedures at reappointment

Gastrostomy (non-PEG) Tube Replacement (Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Gastrostomy (PEG) Tube Replacement (Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

GCRC Anal Squamous IRC (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Greater Occipital Nerve (GON) Injection (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Hepatic Arterial Infusion of Chemotherapy (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

High Resolution Anoscopy (HRA) (Adult, Peds)

Initial Criteria:
Performed: 8 procedures
Observed: 8 procedures

Maintenance/Renewal Criteria:
100 procedures at reappointment

Iliac Crest Bone Graft (Adult, Peds)

Initial Criteria:
Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Implantable Cardiac Loop Recorder Monitor (Adult)

Initial Criteria:
Performed: 10 procedures
Observed: 10 procedures

Maintenance/Renewal Criteria:
24 procedures at reappointment

Incision and Drainage (Adult, Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Injection of corticosteroid into granulation tissue (Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Intra-articular Injection (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Intralesional Biotherapy (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Intranasal Sphenopalatine Ganglion Block (Adult)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Intratympanic Injection (Adult, Peds)

Initial Criteria:

Performed: 3 procedures
Observed: 6 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Intraventricular Chemo Via Ommaya Reservoir (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

IR Procedural Assistant (Adult, Peds, Neonatal)

Initial Criteria:
Performed: 5 procedures
Observed: 0 procedures

Maintenance/Renewal Criteria:
10 procedures at reappointment

Joint Aspiration (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Lacrimal Probe and Irrigation (Adult)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Lap Band Port Access (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Lingual Frenotomy (Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Liver Biopsy (Adult, Peds)

Initial Criteria:

Performed: 20 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

20 procedures at reappointment

Lumbar Drain Insertion (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Lumbar Puncture (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Lumbar Puncture-Intrathecal Baclofen (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Lumbar Puncture-Intrathecal Chemotherapy (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Lumbar Puncture-Intrathecal Oligonucleotides Injection with Nusinersen or STK-001 (Adult, Neonatal, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 Procedure

Maintenance/Renewal Criteria:

6 procedures at reappointment

Lumbar Subarachnoid Catheter Removal (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Management Of Antineoplastic Therapies For Non-Oncologic Indications (Adult, Peds)

Initial Criteria: Refer to Standardized Procedure document.

Maintenance/Renewal Criteria:
Refer to Standardized Procedure document.

Management Of Antineoplastic Therapies For Oncologic Indications (Adult, Peds)

Initial Criteria:

Performed: (15) procedures

Observed: (0) procedures

AND

Completion of antineoplastic therapy education class or hold a current oncology nursing certification prior to ordering antineoplastic therapy independently. This may include attainment or completion of any of the following:

- a. ONS (Oncology Nursing Society) – Fundamentals of Chemotherapy Immunotherapy Administration
- b. ONS – Essentials in Advanced Practice Cancer Care Bundle
- c. APSHO (Advanced Practice Society for Hematology and Oncology) – Cancer Therapy Prescribing Course
- d. ASCO - Advanced Practitioner Certificate Basics 101 Program
- e. Current ONCC Certification
 - i. AOCNP: Advanced Oncology Certified Nurse Practitioner
 - ii. AOCN: Advanced Oncology Certified Nurse
 - iii. AOCNS: Advanced Oncology Certified Clinical Nurse Specialist
 - iv. OCN: Oncology Certified Nurse
 - v. CPHON: Certified Pediatric Hematology Oncology Nurse
 - vi. CPON: Certified Pediatric Oncology Nurse
 - vii. BMTCN: Bone and Marrow Transplant Certified Nurse

Maintenance Criteria:(15) procedures at reappointment

Medication Abortion (Adult, Peds)

Initial Criteria:

The APP must review and understand sections 2 and 6 of the National Abortion Federation's Clinical Policy Guidelines for Abortion Care, complete the Prescriber Agreement Form, and either attend department sponsored training or complete accredited continuing education training specific to prescribing medications for abortions. Proof of completion must be submitted to the Office of Medical Affairs and Governance (OMAG).

Maintenance Criteria:

The APP will demonstrate continued competency by attesting that they have attended relevant department sponsored training(s) or reviewed department sponsored training materials when offered and remained up to date with medical guidelines and peer reviewed literature pertaining to medications for abortion.

Medication Instillation into External Ventricular Drain (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Moderate Sedation (Adult, Neonatal, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Certificate: ACLS

Module (via UCSF Learning Center): Moderate Sedation for Non-Anesthesia Practitioners

Maintenance/Renewal Criteria:

6 procedures at reappointment

Myringotomy (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Nasopharyngoscopy and Nasal Endoscopy (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Neonatal Exchange Transfusion (Neonatal)

Initial Criteria:

Performed: 3 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:

6 procedures at reappointment

Neonatal Intubation (Neonatal)

Initial Criteria:

Performed: 3 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:

6 procedures at reappointment

Neonatal Lumbar Puncture (Neonatal)

Initial Criteria:

Performed: 3 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:

6 procedures at reappointment

Neonatal Paracentesis (Neonatal)

Initial Criteria:

Performed: 3 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Neonatal Pediatrics Chest Tube Placement (Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Neonatal Pediatric Chest Tube Removal (Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Neonatal Pediatrics Intraosseous Line Placement (Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Neonatal Pediatrics Peripheral Arterial Line Insertion (Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Neonatal Pediatric Thoracentesis (Needle Aspiration) (Neonatal, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Neonatal Umbilical Vessel Catheterization (Neonatal)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Otomicroscopy (Adult, Peds)

Initial Criteria:

Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Paracervical Block (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Pediatric Endotracheal Intubation (Pediatric)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Percutaneous Placement or Replacement of Catheter or Tube Suture (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Peripherally Inserted Central Catheter (PICC) Placement (Peds, Neonatal)

Initial Criteria:
Performed: 3 procedures
Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment

Peripheral Intravenous Access with the use of Bedside Ultrasound in Adults

Initial Criteria:
Performed: 3 procedures
Observed: N/A

Maintenance/Renewal Criteria:
6 procedures at reappointment

Peritoneal Paracentesis (Adult, Peds)

Initial Criteria:
Performed: 3 procedures
Observed: 3 procedures

Maintenance/Renewal Criteria:
6 procedures at reappointment

Placement of Intrauterine Contraception (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Prog. Codman Hakim PS Medical STRATA Programmable Shunt Valves (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Radial Artery Harvest (Adult)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Removal of External Ventricular Drainage Catheter or Intracranial Pressure Device (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 3 procedures

Maintenance/Renewal Criteria:

6 procedures at reappointment

Removal of Tunneled Central Venous Catheter (Adult, Peds)

Initial Criteria:

Performed: 3 procedures and online competency module for CVC placement & removal

Observed: N/A

Maintenance/Renewal Criteria:

6 procedures at reappointment

Reprogramming and Refilling Intrathecal Medication Delivery Pumps (Adult, Peds)

Initial Criteria:

Performed: N/A

Observed: 20 procedures

Maintenance/Renewal Criteria:

20 procedures at reappointment

Restraint-Ordering Medical- Surgical Restraints (Adult, Peds)

Initial Criteria:

Performed: 3 procedures

Observed: 1 procedure

Maintenance/Renewal Criteria:
6 procedures at reappointment
