ARTICLE 20 MEETINGS OF MEDICAL STAFF COMMITTEES

20.1 Appointment of Members of Committees

- 20.1.1 Except as otherwise noted below, and with the approval of the MSEC and the Chancellor, the President shall appoint and may remove a Chair and Members for all committees and sub-committees of the Medical Staff.
- 20.1.2 In making membership appointments, the following factors should be considered and balanced: knowledge about the roles and responsibilities of the committee, diverse representation, and willingness and availability to attend and to participate in the activities of the committee.
- 20.1.3 Unless otherwise indicated, each committee shall be composed of at least three (3) Members of the Medical Staff and such additional non-Medical Staff Members as may be appropriate. While non-Medical Staff Members may be appointed to serve on Medical Staff committees with voting rights, except as otherwise required by law, it is the objective that at least a majority of the voting membership of each Medical Staff committee be Members of the Medical Staff.
- 20.1.4 Whether a member of the committee is to serve in a voting or nonvoting capacity is delineated in the committee compositions, which are detailed in the Policies, Plans, and Rules and Regulations of the Medical Staff.
- 20.1.5 The Committee Chair, after consulting with the President and MSEC, may call on outside consultants, subject matter experts, or special advisors to assist the committee's activities.
- 20.1.6 Each Committee Chair or other authorized person chairing a meeting has the right to discuss and vote on issues presented in the committee, unless a conflict of interest exists.

20.2 Ex-Officio Members

The Chancellor, or the Chancellor's respective designees, are ex-officio members of all standing and special committees of the Medical Staff and shall have voting rights unless provided otherwise in the charge provision or resolution creating the committee.

20.3 Terms and Removal of Committee Members

Unless otherwise specified, a member of a committee shall be appointed for a term of two years, subject to renewal by the President of the MSEC, and shall serve until the end of this period and until his or her successor is appointed, unless he or she shall sooner resign or be removed from the committee. Any committee member who is appointed by the President may be removed by the President of the MSEC. The removal of any committee member who is automatically assigned to a

committee because he or she is a general officer or other official shall be governed by the provisions pertaining to removal of such officer or official.

20.4 Vacancies

Unless otherwise specified, vacancies on any committee shall be filled in the same manner in which an original appointment to such committee is made. If an individual who obtains membership by virtue of this Organizational Plan is removed for cause, a successor may be selected by the President of the LPPH or UCSF Medical Staff, as applicable.

20.5 Conflict of Interest

20.5.1 All committee members must disclose to the Medical Staff any personal, professional, or financial affiliations or responsibilities that would, or could reasonably be believed to present a conflict of interest, as defined below and in the Definitions of the LPPH Medical Staff Bylaws. Such situations must be disclosed on appointment and at any time when an actual or potential conflict arises.

20.5.2 A conflict of interest arises when there is a divergence between an individual's private interests and his/her professional obligations, such that an independent observer might reasonably question whether the individual's professional actions or decisions are determined by those private interests. A conflict of interest depends on the situation. The fact that a Member practices in the same specialty as a Member who is being reviewed does not by itself create a conflict of interest. The fact that a committee member or Medical Staff leader chooses to refrain from participation, or is excused from participation, shall not be interpreted as a finding of actual conflict.

20.5.3 In any instance where a Medical Staff Member has a conflict of interest, as defined above and in the Definitions of the Medical Staff Bylaws, such individual shall not participate in the discussion or voting on the matter, and shall be excused from any meeting during that time. However, the individual with a conflict may be asked, and may answer, any questions concerning the matter before leaving. Any dispute over the existence of a conflict of interest shall be resolved by the Committee Chair, or, if it cannot be resolved at that level, by the President of the Medical Staff.

20.6 Frequency, Notice and Quorum of Committee Meetings

20.6.1 Frequency of Meetings.

Standing committees and sub-committees of the Medical Staff shall meet as often as necessary to conduct their business. A written record of these meetings shall be maintained as protected peer review documents, pursuant to Evidence Code Sections 1156 and 1157, and quarterly reports of standing committee activities shall be made to the MSEC and the Chancellor.

20.6.2 Notice of Meetings.

Notice stating the place, day and hour of any regular or special Medical Staff meeting or of any regular or special department or committee meeting not held pursuant to resolution shall be delivered either electronically, by mail or otherwise to each person entitled to be present not fewer than two (2) working days nor more than forty five (45) days before the date of such meeting.

20.6.3 Quorum for Meetings.

Unless otherwise specified, for all committees, no less than three (3) of the active Medical Staff Members of a Standing Committee in attendance in person or otherwise, shall constitute a quorum. There shall be no minimum attendance requirements, but all committee members are encouraged to attend. Unless otherwise specified, a vote is carried by a plurality of the voting members present when the vote is taken.

20.6.4 Special Meetings.

Special committees of the Medical Staff shall meet as necessary, either in person or otherwise, to conduct their business and shall report to the MSEC.

20.7 Authority and Responsibility

All committees shall enjoy the authority and responsibility defined in this Organizational Plan, subject to the authority of the MSEC and the Chancellor and shall carry out these responsibilities and other duties assigned to them by the President. Inherent in each committee's responsibilities shall be to develop and/or review and recommend to the MSEC those Medical Staff and Hospital policies within the purview of the respective committee's functions.

20.8 Department Meetings and Educational Conferences

Each Department may hold regular meetings to review deaths and complications of patients treated by members in the respective Department. The purpose of this review is to ensure the Department's participation in performance improvement activities and to report these activities in accordance with the LPPH [Performance Improvement Plan](#).

20.9 Special Attendance

At the discretion of the Chair or presiding officer, when a member's practice or conduct is scheduled for discussion at a regular Department, Division or committee meeting, the member may be requested to attend. Special Notice must be given at least seven (7) days prior to the meeting, which will include the time and place of the meeting and a general indication of the issue(s) involved. Failure of a member to appear at any meeting to which Special Notice was given, unless excused by the

MSEC upon a showing of good cause, constitutes grounds for automatic suspension of clinical privileges.

20.10 Combined or Joint Department or Committee Meetings

The Departments or committees may participate in combined or joint Department or committee meetings with members of Medical Staffs from other UCSF Health departments, hospitals or health care entities; however, precautions shall be taken to assure that confidential Medical Staff information is not inappropriately disclosed, and to assure that this Medical Staff (through its authorized representative(s)) maintains access to, and approval authority of, all minutes prepared in conjunction with any such meetings.

20.11 Minutes

Minutes of all meetings shall be prepared and shall include a record of the attendance of Members and the vote taken on each matter. The minutes shall be signed by the presiding officer or his or her designee and forwarded to the MSEC or other designated committee and Governance Advisory Council. Each committee shall maintain a permanent file of the minutes of each meeting. The records, proceedings and minutes are protected from discovery as provided by California law.

20.12 Attendance Requirements

There are no specific attendance requirements for Medical Staff at regular clinical service meetings, unless requirements are set by the Department. Attending Medical Staff Members are encouraged to attend Medical Staff and departmental meetings and when unable to attend, are expected to be knowledgeable regarding Medical Staff and departmental activities.

21.2.2 Quorum for Special Meeting.

For the conduct of business, ten (10) members of the Attending Staff present and voting shall constitute a quorum.

21.3 Manner of Action

A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of Members, if any action taken is approved by at least a plurality of the required quorum for such meeting, or such greater number as may be required by this Organizational Plan. Committee action may be conducted by telephone or internet conference, which shall be deemed to constitute a meeting for the matters discussed in that telephone or internet conference.

21.4 Voting

Unless otherwise specifically provided in this Organizational Plan, a plurality of the committee votes cast shall be required to carry any motion or pass on any matter put to vote of the voting Medical Staff Members.

21.5 Conduct of All Meetings

Unless otherwise specified, meetings shall be conducted according to Robert's Rules of Order; however, technical failures to follow such rules shall not invalidate action taken at such a meeting. Unless otherwise specified, meetings may be held and attended in person or by electronic methods.

ARTICLE 22 PLANS, RULES AND REGULATIONS, AND POLICIES

22.1 Overview and Relation of Medical Staff Plans, Rules and Regulations, and Medical Staff Policies to the Medical Staff Bylaws

Medical Staff Bylaws and amendments to them require approval by plurality of votes cast by the LPPH Medical Staff membership, with final approval by GAC. Plans, Rules and Regulations and Medical Staff Policies, and amendments to them, require approval by plurality of votes cast by the MSEC, with final approval by GAC. Plans, Rules and Regulations and Medical Staff Policies shall be deemed an integral part of the Medical Staff Bylaws. While the Bylaws describe the fundamental principles of Medical Staff self-governance and accountability to the Governance Advisory Council, the procedures for implementing the Medical Staff Bylaws and standards of performance may be set out in the Medical Staff Plans, Rules, Regulations, and Policies approved or adopted as described below.

22.1.1 Adoption of Plans, Rules and Regulations.

The MSEC shall adopt such Plans, Rules and Regulations as may be necessary to assure the proper conduct of Medical Staff business and provision of patient care. The MSEC shall periodically review and revise its Plans, Rules and Regulations to ensure they are consistent with the Bylaws and other Hospital and UCSF Policies, and the University of California Office of the President (UCOP) Policies.

22.1.2 Notice.

Except when urgent action is required to comply with law or regulation, as set forth below, proposed Plans, Rules and Regulations shall be submitted to the MSEC for review and action with at least thirty (30) days prior notice of the proposed adoption or amendment.

22.1.3 New or Amended Medical Staff Plan, Rule and Regulation.

The Medical Staff may, by a written petition signed by at least fifteen (15) voting Members of the Medical Staff and upon at least thirty (30) days' notice to the Medical Staff Executive Committee, propose a new or amended Plan, Rule or Regulation for adoption by the voting Medical Staff. Approval shall require a majority vote by the voting Members present and voting at a meeting called for that purpose or by majority vote by mail/electronic ballot, provided at least fifteen (15) mail/electronic ballots must have been timely cast.

22.1.4 Approval of Governance Advisory Council.

Following MSEC approval or Medical Staff approval (as applicable), any Bylaw, Plan, Rule and Regulation shall become effective following the approval of the Governance Advisory Council, which approval shall not be withheld unreasonably, or automatically within sixty (60) days if no action is

taken by the Governance Advisory Council; provided, however, an automatic approval may be withdrawn at a later date within the discretion of the Governance Advisory Council.

22.1.5 Urgent Action.

When urgent action is required to comply with law or regulation, the MSEC is authorized to provisionally adopt or amend a Plan, Rule or Regulation subject to promptly informing the Medical Staff of the Plan, Rule and Regulation, and providing an opportunity for subsequent review and action. Subsequent review and consideration of the urgently adopted or amended Plan, Rule or Regulation is triggered by a written petition signed by at least fifteen (15) voting Members of the Medical Staff. The initially adopted or amended Plan, Rule or Regulation shall remain effective until such time as a superseding Plan, Rule or Regulation is adopted, if such occurs. Any conflict concerning the adoption of a Plan, Rule or Regulation shall be resolved pursuant to the Conflict Management provisions in this Article, unless otherwise stipulated.

22.1.6 Post-Approval Notice and Force and Effect.

Upon Governance Advisory Council's approval of new or amended Medical Staff Policies or Plans, Rules or Regulations the Medical Staff membership shall be given notice of all adopted or amended policies, plans, rules or regulations. Medical Staff Plans shall have the force and effect of the Medical Staff Bylaws.

22.2 Medical Staff Policies

22.2.1 Development and Implementation.

Medical Staff Policies shall be developed as necessary to implement more specifically the general principles found within the Bylaws, Plans, and Rules and Regulations of the Medical Staff. The Policies may be adopted, amended, or repealed by plurality vote of the MSEC and approval by Governance Advisory Council. Such Policies shall not be inconsistent with the Medical Staff Bylaws, Plans, Rules, Regulations or other Medical Center Policies, or the University of California Office of the President (UCOP) Policies.

22.2.2 New or Amended Medical Staff Policies.

The Medical Staff may, by petition signed by ten (10) voting Members of the Medical Staff, and upon at least thirty (30) day notice to the MSEC, propose a new or amended policy for adoption by the voting Medical Staff. Approval shall require a majority vote by the voting Members present and voting at a special meeting called for that purpose; or by majority vote by mail/electronic ballot, provided at least fifteen (15) mail/electronic ballots must have been timely cast.

22.3 Notices

22.3.1 Notice of pending or adopted changes to Medical Staff Plans, Rules, Regulations, or Policies may be effectuated by email notification, and reasonable opportunity (e.g., by emailing the full text, or making the text available for review via secure website, or by visiting the Office of Medical Staff Affairs and Governance) to review the text of the proposed or adopted Plan, Rule, Regulation, or Policy.

22.3.2 Post-Approval Notice and Force and Effect.

Upon Governance Advisory Council's approval of new or amended Medical Staff Policies, the Medical Staff membership shall be given notice by posting on OMAG portal of all adopted or amended policies. Medical Staff Policies shall have the force and effect of the Medical Staff Bylaws and Plans.

22.4 Conflict Management

In the event of conflict between the MSEC and the Medical Staff (as represented by written petition signed by at least fifty (50) voting Members of the Medical Staff) regarding a proposed or adopted Rule, Regulation, or Policy, the President of the Medical Staff shall convene a meeting with the Medical Staff petitioners. The MSEC and the petitioners shall exchange information relevant to the conflict and shall work in good faith to resolve differences in a manner that respects the positions of the Medical Staff, the leadership responsibilities of the MSEC, and the safety and quality of patient care at the Hospital. Unresolved differences shall be submitted to the Governance Advisory Council or the Chancellor for final resolution.
